The Premier logo is Premier Clothing Limited's registered trademark .

Coolchecker® is Premier's registered trademark which guarantees a breathable performance day in, day out. Wicking properties draw moisture away from the body allowing the flow of air through the fabric, ensuring the wears stays fresh and dry.

CoolPlus® expands on the wicking properties of Premier's Coolchecker® trademark. Double pique knit forms to make a fabric that draws moisture away from the body, dispersing and evaporating it across the fabric giving exceptional breathability and temperature control.

The pure Cotton logo is shown where the fabric is 100% Cotton. These fabrics give superior comfort to the wearer and excellent absorption when used in our aprons.

The Cotton rich logo is shown against styles which contain a high content of Cotton, giving blend of fabric which has the performance and colour retention of man-made fibres, combined with the comfort of Cotton.

The Easy Care logo indicates where we have used fabrics which have been chosen for their high levels of wash ability, stability, soil resistance and appearance.

Klopman have set the fabric quality standard for the workwear industry and have built a reputation on fabric excellence. Chosen for its superior durability, colour fastness and shade consistency, Klopman fabric manages to prolong the life a of products manufactured from this superior material.

Certified Cotton

The Fairtrade logo symbolises those garments that are made with 100% Certified Fairtrade Cotton. Fairtrade is a well known logo and important for ethical consumers and businesses. The logo proves that we are passing on the benefits of sales to the farmers so that they get the maximum benefit. We want to work hard to help those less fortunate than ourselves and feel that we can not exploit the raw materials available in other countries without fully compensating them.

WRAP is an independent body based in America, which gives certification to factories that meet criteria in relation to facilities, production and working practices for employees. All of the Premier garments that are produced outside of the United Kingdom have been made in WRAP certified factories. The garments that are produced in the UK are made in factories that adhere to 'European Agency Health and Safety at Work' regulations.

The OEKO-TEX® Standard 100 is an independent testing and certification system for textiles which highlights the use of any dangerous substances that could be harmful to human health. At every stage of production, many of the Premier fabrics have passed the recognised criteria, proving that no such chemicals have been used during any stage of production.

Marketing Description

A welcome addition to our range of Signature Oxford Shirts, this style is designed with narrow vertical stripes for a touch of high street inspiration. As you'd expect, this iconic style features the classic button-down collar with double buttons to the cuff. Choose to wear more casually with an open collar and roll-back sleeves and a flash of contrast fabric becomes visible on the inner neckband and inside cuff.

Marketing Description

Cotton combined with Elastane makes for a super soft, stretchy and comfortable fitted style for men. Double buttons on the cuff, together with a single button sleeve guard allows for either a formal arm or a more casual roll back option. Styled with a stiffened cut-away collar with top button - which again, can be worn formally with a tie or open collared for a more relaxed look.

Marketing Description

A great addition to the existing range of Poplin shirts from Premier, this ladies' style is made with contrasting coloured yarns that are woven to create this horizontal and vertical cross effect. The blouse can be undone at the cuffs, rolled up neatly and secured in place by a tab and button on the upper arm, for a look that's cool, casual and bang on trend. Soft collar styling, together with a curved hem, bust and back darts make for a flattering fitted shirt for women.

Marketing Description

A welcome addition to our range of Signature Oxford Shirts, this style is designed with narrow vertical stripes for a touch of high street inspiration. As you'd expect, this iconic style features the classic button-down collar on the underside with double buttons to the cuff. Choose to wear more casually with an open collar and roll-back sleeves and a flash of contrast fabric becomes visible on the inner neckband and inside cuff.

ETHICAL POLICY

UNIFORMS THAT WORK FOR YOU

Premier Ethical Policies

1. Introduction

Premier Clothing Ltd (“Premier”) strives to conduct business to the highest ethical and environmental standards seeking to use and utilise manufacturers that do the same. Premier has its own detailed code of conduct, which is integral to its business and that all suppliers and their sources must adhere to. Premier’s code of conduct is based on current best practices with regard to employment ethics, health and safety practices and environmental practices; so that when a customer purchases our goods they know that they have been produced under acceptable conditions. That means that the goods must have been produced:

- lawfully, through fair and honest dealing;
- without exploiting the people who made them;
- in decent working conditions;
- reducing the environmental impact during production and transportation.

Premier has the right to run audits and spot checks by themselves or by external parties on premises without their prior knowledge to verify that they are behaving in an appropriate manner. Third party audits are also carried out by independent bodies such as BSCI and WRAP.

2. Employment

All suppliers must meet the local laws on conditions such as minimum wages, hours of work, overtime and deductions. Or, where determinable the prevailing industry wage for the type of work involved. (International Labour Organisation (ILO) Conventions 1, 26, 95,131 and Recommendation 85)

3. Employing children

Premier does not condone the use of child labour and our suppliers must not employ children, other than under the ILO Convention 138 and Recommendation 146. Premier does support legitimate, legally sanctioned, apprentices and educated-related work as long as the child is not being exploited, there is no risk to the child’s health, education and development, and you have the permission of the child’s parents. (Article 32 of the United Nations Convention on the Rights of the Child)

4. Forced labour

Forced labour, whether in the form of prison, bonded or uncompensated labour is not used. People are not forced to work for our suppliers by threatening them with a penalty. (ILO Conventions 29 and 105, Recommendation 35).

5. Disciplinary practices

Every employee must be treated with respect and dignity. No employee is treated with threatening behaviour, physical punishment or any form of mental or verbal abuse.

6. Non-Discrimination

Premier suppliers employ and deal with all their employees fairly and without discrimination. (ILO Convention 100 and 111 and Recommendation 90 and 111) This is regardless of age, sex, race, religion or disability.

7. Freedom of association

Suppliers acknowledge that employees have the right to associate or unionise with any organisation that is legal in that country (ILO Convention 87).

8. Health, safety and welfare

Premier's suppliers all provide a safe place of work, meeting all local laws relating to health, safety and welfare in the workplace. This means:

- Every effort is made to prevent accidents or injury.
- Health and safety procedures are implemented and employees are regularly trained and tested in what to do in certain situations.
- There is always adequate lighting and ventilation; and
- clean drinking water is always available

9. Environment

Premier is continuing to develop its environment practices both in the production of the garments, the choice of fabrics used and the Premier working environment. Key examples of these procedures are:

Garment production

All companies comply with the EU general Product safety Directive 2001/95 EC. Premier suppliers comply with the requirements of the Azo dye directive and Nickel directives meaning that no Dangerous substances and Preparations are used during the make up of any of its garments. Premier is constantly working to minimise the waste fabric during production operations

Fabrics

Premier uses Klopman fabric in some of its garments which carries the EU "Eco-label" standard which means that all these products have been manufactured in an environmentally responsible and sustainable way. All liquid by-products in the production of the Premier Klopman range are neutralised before discharge into an on-site effluent treatment plant and wherever possible water is recycled. Premier is working towards all the range carrying the OEKO-TEX Standard 100 'Confidence in Textiles' which promotes the use of environmentally friendly materials and manufacturing methods. This also ensures conformity to the European Directive relating to Azo colourants

The Azo Dye Directive EU Directive 2002-61-EC, and subsequent amendments

This directive covers those Azo dyes, which are degradable to carcinogenic aryl amines, and is applicable to Textiles and Leather used in finished articles or their dyed parts, which may come into direct and prolonged contact with the human skin or oral cavity.

National Laws implementing the new directive restrict azo-colourants (dyes) in textiles and leather, replacing current restriction in Germany, Austria and the Netherlands. (The German and Austrian requirements for Azo-pigments will be retained, as they are not covered under this directive.)

The requirements of the directive will be enforced by trading standards authorities, who will expect the retailer and supply chain to be able to demonstrate due diligence with respect to their enforcement of the requirements. Their expectations may extend beyond a paper trail, to a requirement for random spot checks on actual product.

When engaging in business we always conduct a full factory audit and anyone working with us must adhere to Premier's own detailed code of conduct, which is integral to its business and that all suppliers and their sources must adhere to. Premier's code of conduct is based on current best practices with regard to employment ethics, health and safety practices and environmental practices which include conforming to the Azo Dye Directive EU Directive 2002-61-EC; so that when a customer purchases our goods they know that they have been produced under acceptable conditions. That means that the goods must have been produced:

- Lawfully, through fair and honest dealing;
- Without exploiting the people who made them;
- In decent working conditions;
- Reducing the environmental impact during production and transportation;
- All dyes comply to EU regulations with regard to harmful dyes

REACH

REACH is a European Union regulation concerning the Registration, Evaluation, Authorisation and restriction of Chemicals. It's aim is to protect human health and the environment from the risks arising from the use of chemicals. It came into force on 1st June 2007 and replaced a number of European directives and regulations with a single system.

Hazardous chemicals are defined as Substances of Very High Concern (SVHCs) and are listed on the European Chemicals Agency (ECHA) website at http://echa.europa.eu/chem_data/authorisation_process/candidate_list_table_en.asp

Premier can confirm that the products supplied to you via Premier Clothing Ltd conform to current REACH regulations and do not contain any of the harmful substances controlled under it's restricted substances list.

9.5 Head Office recycling

- Toner cartridges from laser printers are returned to the manufacturer for recycling;
- All cardboard waste from the warehouse is recycled;
- Premier is working towards all their plastic bags carrying recyclable logos;
- Use of environmentally friendly office consumables where possible;
- Collection point for office staff to recycle paper;
- Email is our preferred method of communication to reduce the amount of paper used.

10 Independent Verification

Premier has been working to ensure that all factories comply with WRAP (Worldwide Responsible Accredited Production) or BSCI (Business Social Compliance Initiative) standards. This is an ongoing project.

10.1 WRAP

WRAP is an independent, objective, non-profit team of global social compliance experts dedicated to promoting safe, lawful, humane, and ethical manufacturing around the world through certification and education. The 12 principles of WRAP are as follows:

- **Compliance with Laws and Workplace Regulations** Facilities will comply with laws and regulations in all locations where they conduct business.
- **Prohibition of Forced Labour** Facilities will not use involuntary, forced or trafficked labour.
- **Prohibition of Child Labour** Facilities will not hire any employee under the age of 14 or under the minimum age established by law for employment, whichever is greater, or any employee whose employment would interfere with compulsory schooling.
- **Prohibition of Harassment or Abuse** Facilities will provide a work environment free of supervisory or co-worker harassment or abuse, and free of corporal punishment in any form.
- **Compensation and Benefits** Facilities will pay at least the minimum total compensation required by local law, including all mandated wages, allowances & benefits.
- **Hours of Work** Hours worked each day, and days worked each week, shall not exceed the limitations of the country's law. Facilities will provide at least one day off in every seven-day period, except as required to meet urgent business needs.
- **Prohibition of Discrimination** Facilities will employ, pay, promote, and terminate workers on the basis of their ability to do the job, rather than on the basis of personal characteristics or beliefs.
- **Health and Safety** Facilities will provide a safe and healthy work environment. Where residential housing is provided for workers, facilities will provide safe and healthy housing.

- **Freedom of Association and Collective Bargaining** Facilities will recognize and respect the right of employees to exercise their lawful rights of free association and collective bargaining.
- **Environment** Facilities will comply with environmental rules, regulations and standards applicable to their operations, and will observe environmentally conscious practices in all locations where they operate.
- **Customs Compliance** Facilities will comply with applicable customs laws, and in particular, will establish and maintain programs to comply with customs laws regarding illegal transshipment of finished products.
- **Security** Facilities will maintain facility security procedures to guard against the introduction of non-manifested cargo into outbound shipments (i.e. drugs, explosives biohazards and /or other contraband).

10.2 BSCI

In 2003, BSCI was established by the Foreign Trade Association (FTA) in order to create consistency and harmonisation for companies wanting to improve their social compliance in the global supply chain. BSCI aims to establish a common platform for the various European companies Codes of Conducts and monitoring systems, it also lays the groundwork for a common monitoring system for social compliance. The experience and the know-how gained by companies and associations from their monitoring systems were the foundations of the BSCI approach and management instruments. In 2004 the development phase was achieved and the system has since been implemented worldwide. The goals for the BSCI code of conduct are as follows:

- Freedom of association and the right to collective bargaining are respected.
- No discrimination is practised
- Child Labour is prohibited
- Legal minimum and/or industry standard wages are paid
- Working hours are compliant with national laws and do not exceed 48 hours regular + 12 hours overtime
- There is no forced labour and disciplinary measures
- The workplace is safe and healthy
- The environment is respected
- There is a policy for social accountability
- There is an anti-bribery and anti-corruption policy

Terms and Conditions

1. General

The Company shall be named Premier Clothing LTD and the Buyer shall be the person, firm or company ordering the goods. These Conditions shall apply to every order accepted by the Company and no variation or obligation shall be effective unless given in writing by the Company and signed by a Director. Orders are accepted on the understanding that if any conflict arises between the Company's Conditions of Sale and any terms or conditions of the Buyer then the Company's shall prevail in all cases. The placing of an order by the Buyer is deemed as acceptance of the Company's Conditions of Sale.

2. Quotations

Quotations and tenders given by the Company shall not be binding until the Buyer has received the Company's written acceptance.

3. Prices

Prices are subject to change without notice. The price charged for goods will be that ruling on the date of receipt of order. Prices are subject to the addition of Value-Added Tax at the rate ruling on the date of the invoice.

4. Carriage

The Company shall reserve the right to charge for carriage of goods to the Buyer.

5. Delivery

Any delivery dates indicated by the Company, verbally or in writing are provisional only and not of any contractual effect. The Company shall not be liable in respect of any failure to deliver on any particular date and the Buyer shall not be entitled to cancel any order as a result of delayed delivery. The Company shall be entitled to make part deliveries. Delivery shall be deemed to take place when the goods are delivered to the Buyer's address as notified to the Company. Any apparent discrepancy to delivered quantities or damage to the goods must be notified by the Buyer to the Company within three days of receipt and written confirmation must be received by the Company within seven days of receipt. If the Buyer fails or refuses to take delivery, the Company shall be entitled to immediate payment in full for the goods so tendered, notwithstanding the Company's payment terms stated herein, and shall be entitled to dispose of the goods in such manner as the Company may determine.

6. Payment

Unless otherwise agreed in writing by the Company, payment of each invoice **is due at 30 days from the date of the invoice**. Any extension of credit allowed by the Company to the Buyer may be changed or withdrawn at any time. The Company reserves the right to charge interest on overdue accounts at the rate of 4 percent per month to run from the date due for payment to receipt of payment by the Company whether before or after Judgement.

The Buyer shall also reimburse the Company all expenses incurred in the collection of such overdue sums. If the Buyer is overdue with any payment to the Company, then the Company may suspend the delivery of any other order.

7. Insolvency

If the Buyer ceases to pay debts in the ordinary course of business or cannot pay debts as they become due or, being a company, is deemed to be unable to pay its debts or has a winding-up petition issued against it or, being a person, commits an act of bankruptcy or has a bankruptcy petition issued against the Buyer, the Company without prejudice to other remedies, shall:-

- a) have the right not to proceed with any order for the Buyer and be entitled to charge for the work already carried out whether completed or not and for materials purchased for the Buyers, such charge to be an immediate debt due to the Company, and
- b) be entitled to immediate payment of any outstanding debt, irrespective of the due date(s) previously quoted

8. Title

The title in all good supplied by the Company remains with the Company until full payment has been received.

9. Force Majeure

Any quotation made or order accepted assumes no shortage of raw material, fuel or power, (notwithstanding that the Company has taken reasonable steps to procure the same), shortage of labour or transport, breakdown or partial failure of plant and machinery at the Company's works, nor interruption in the normal operation of the Company's works arising from, 'Act of God,' Government action or any acts, orders or regulations of Government action or any industrial disputes, accident, fire, the elements, war, terrorist acts, civil commotion, riots, or any other cause of whatsoever nature beyond the control of the Company, and no liability can be accepted by the Company for any loss or damage resulting from such circumstances.

10. Liability

Liability on the Company's part for any loss, damage, or expense (including consequential or special loss, damage, or expense), is hereby excluded in so far as such liability is incurred.

11. Waiver

Failure of the Company to enforce any rights hereunder shall not be deemed to be a waiver of any such rights, nor operate so as to bar the exercise or enforcement thereof at any time or times thereafter.

12. Law

These Conditions and all other express terms of the contract shall be governed and construed in accordance with the laws of England and Wales.
